GOVERNMENT OF MYSORE

Memo

I beg to submit the file relating to the Artillery Practice Camp so that the Chief Secretary & the Dewan may be informed of the recent correspondence on the subject. I have been communicating to the Mysore without delay all the letters received from the Mysore Resident.

The only letter which requires orders is No. 585 d: 18th Instant from the Mysore on the question of the permanent removal of the villages of Mayasandra & Mishigankalli. The Mysore promises a further reference on the subject after personally visiting the locality. That report is not therefore of immediate urgency. Still I submit the report for information.

may be kindly forwarded as early as convenient.

I have however kept copies of the last few references for any urgent need that may arise.

LL

26/11/93

The Correspondence is now over & some fresh work has been created - Plans have all been made & complete the file - Departments Appts. Rest. & Mis. Bdg. advertised last on the subject - Enquire whether the Engineering authorities done the permanent removal of the villages - In that case the Dy. will be requested to submit a Compensation Statt. -

There was delay in preparing the draft ordered on the margin. In the meantime the F.A. Resident has written asking for the exact cost of acquiring the villages.

A draft to Dr Comm is now submitted for app

LL

6/12/93

Points for attention

1) The Stk. and Cattle Rest Letter No 2865 d. 3/6/93 has not been rec'd, although a longer one has been rec'd from Kandy and Galle.

2) G. Stk's No 340 of 1892 containing correspondence regarding lands in Nuwara Eliya & Hanguranketa Villages for the Military Depôt, may perhaps be required for reference.

3) Hanguranketa Kachcheri No 1077 dated 31.12.92 regarding Encroachments made in the Nuwara Eliya Reservation.

4) DC Kelaniya says that no villages in his Dist are included in the area required by the Military Dept but the forest report shows that 3 villages of the Chilaw Talpitiya Talukk are included.

5) 92 acres belonging to the Roman Catholic [illegible]

to be kept at the ~~range~~ of time - also the portion belonging to Mr Agnew Estate - the portion included in the range in not to be touched.

READ THE FOLLOWING PAPERS :—

Application dated 20th December 1894, from Mr. C. E. Murray Aynsley, coffee planter, for the grant of the Jodi Sanyasihalli village, attached to the Sivaganga Matt for cultivation on Shraya tenure.

Correspondence on the above ending with Kanarese letter No. 106, dated 19th March 1895, from the Survey Superintendent in Mysore.

Muzrai Superintendent's memo dated 1st June 1895.

No. 1077—Muz. F. 36-93, DATED, BANGALORE, 1ST JUNE 1895.

ORDER THEREON.—The village of Sanyasihalli in Devanhalli Taluk is a Jodi Inam village attached to the Sivaganga Matt. This village, along with other Inam villages forming the Matt's endowments, is now under the direct management of the Muzrai Department, under orders conveyed in Government Proceedings, No. 694-7—Muz. F. 36-93, dated 23rd December 1893.

2. The village in question being a Bechrakh one, Mr. C. E. Murray Aynsley, a coffee planter, has applied for the grant of the village lands to him for cultivation on Shraya tenure, and has agreed to pay to the Matt whatever assessment might be fixed thereon on a regular survey and settlement.

3. A valuation survey and classification of the village lands have already been made. But, however, in view to fix the exact assessment payable on the village, the Superintendent of Revenue Survey was requested to introduce a proper Revenue Survey and Settlement into the village, basing them on a new field measurement and classification in the event of the old valuation survey not giving proper bases for the settlement. Colonel Grant reports that the valuation survey and classification already made do afford sufficient bases for settlement, and has accordingly forwarded the Akarband of the village based on such valuation.

4. According to the Akarband above referred to, the village lands, which, exclusive of the village sites, roads, &c., measure 362 acres 27 guntas, are assessed at Rs. 594-8-0. This settlement is approved.

5. Of the assessed lands measuring 362 acres 27 guntas, 15 acres 30 guntas are Minor Inams as noted in the margin. Excluding these last, the assessment on the remaining lands will amount to Rs. 566 against a Jodi of Rs. 15 payable by the Matt to Government.

	A.	g.	Assessment. Rs.	a.	p.
Toti Inam ...	6	25	12	0	0
Shanbhog Inam ...	6	20	12	0	0
Brahmadaya ...	2	25	4	8	0
Total	15	30	28	8	0

6. Under the foregoing circumstances, the Government are pleased to accept Mr. Murray Aynsley's Darkhast, and sanction the whole of the lands of the Sanyasiballi village, with the exception of the Minor Inams adverted to in the foregoing para, being granted to him for cultivation on Shraya tenure, on the condition of his paying to the Matt an annual assessment on the lands at the rates specified below :—

For the 1st year of the grants 1894-95..... 4 annas per rupee of assessment.
For the 2nd ditto 1895-96..... 6 annas ditto
For the 3rd ditto 1896-97..... 8 annas ditto
For the 4th ditto 1897-98.....12 annas ditto
For the 5th and subsequent years, the full assessment as per settlement.

A. SREENIVASSACHARLU,
Secretary.

Sanctioning the grant of the lands of Sanyasihalli village to Mr. C. E. Murray Aynsley for cultivation on Shraya tenure.

M.G.C.P. B.—12-6-95—120

Very urgent

Serial Nos 36, 45 give the history of the whole case.

The area of the tract concerned has now been reduced from 6808 acres to 4650 acres.

The arrangement already come to was that no new lands should be given out to absentees for cultivation without giving the inhabitants of the land the first refusal of the same. The arrangement now proposed is that no new lands or lands relinquished should be given to applicants "except on the express condition that no remission will be claimed on account of failure of crops on such land or for the inconvenience caused by such new houses having to be

Vacated

Sent to Revenue

I do not think Govt will be surprised in

GOVERNMENT OF INDIA RECORDS

attaching his new Condition & the rights of occupancy which are regulated by law nor, as I understand the law, has the Govt power & deprive an occupant of his rights under the general law for Compensation for damage done to his crops. The Compensation both for loss of crops & for vacating house comes to small sum - I understand. Yet it is not desirable & advisable & unprecedented & I fear even illegal incidents & the holding of land under Govt.

Even if the difficulty as regards Govt land could be solved I fear the

will be trouble
when Inam land
has to be dealt with
On the whole I
would advise existing
practice being continued
and if the military
authorities can afford
the ~~as~~ money, their
taking up Govt & Inam lands on
the assessment fixed
as agreed to in the Asst
Resident's letter no
Dated. will be the most satis
factory arrangement for all
parties concerned.

OFFICE OF THE DEWAN OF MYSORE. 2289 18.JUN.90

1890

From

The Dy Commissioner Bangalore District

To

The Chief Secretary to the ~~Dewan~~ Govt of Mysore.

(1)

Dated 16th June 1890.

Despatched

Received

Enclosures No. 2 & a file.

General No.

No. 194.

Submits for orders papers regarding Compensation payable to Ryots of Michiganahalli & Rayasandra, Devanahalli Taluq amounting to Rs: 3524-6- for removal of their houses from the present village sites for the purposes of the Annual Royal Artillery Exercise.

Ackd

Order requested whether letter to Dy Comr or to the Staff Officer (which is on their file) may be forwarded through the Apt Rendered

21/6/90

I don't see the Dy C's original letter to the Staff Officer in this file in reply to his letter - Only a copy is put up & the inference is that he has sent the reply direct - Is this right?

If this is so, the Dy C should be requested to report whether the centre of the K Cantonment land & the sites selected for the new villages are acceptable to the ryots - The Dy C says that the compensation amount is Rs 3524-6 but the details allocate 3014-6 only - Correction or supplementary figures are required by adding 570 to 3014-6 but the latter represents Compensation only while the former includes cost of house & road &c &c

Rs - 23 June

To

The Chief Secretary to the
Government of Mysore.

Sir,

I have the honor to forward, herewith, the accompanying papers to be laid before the Government for orders, and also the enclosed Reply to the Staff Officer's No. 496 of 31st March 1890.

2. I make this reference to Government, as in the Quarter Master General's Memorandum No. 568 B, he wishes to ascertain whether the Mysore Government would be willing to allow the

ground being taken up permanently as a practice ground, and the question is one which requires the consideration of Government

3. Mr. Krishna Iyengar has enquired into this matter fully and the result is reported in his letter No. A of 11th June 1890, copy of which I enclose, and in which I concur. The total compensation amounts to Rs: 3,524-6-0, being made up as follows:-

	Rs:	A:	P.
Mayasandra village	1,148	8	0
Muksanhalli village	1,778	12	0
Land required for road	87	2	0
Total Rs	3,014	6	0

4. The laying out of the road is roughly estimated to cost Rs: 510-0-0.

I have the honor to be
Sir,
Your Most Obedient Servant
Raghunath Rao.
Deputy Commissioner

From

P. N. Krishna Murti Esqr.
Asst Commissioner

To

The District Staff Officer
Bangalore District

Sir,

In reply to your letter No 496 dated 31st March 1890, I have the honor to forward herewith copy of letter No A from the General Assistant Commissioner. His proposals are well considered and have my concurrence. The amount of the Compensation required for acquiring the ground comes to Rs: 3,524-6-0 as follows:-

	Rs	as	ps
Mayasandra village	1148	8	0
Muksanhalli — do —	1778	12	0
Land required for road	87	2	0
Total Rs:	3014	6	0

2— The laying of the road involves a further expenditure, as roughly estimated by Overseer Bala Krishna Row of the Public Works Department and the land required may be acquired for Rs. 870—2—

3— The detailed compensation statements and the sketches for the removal of the villages in question are also sent herewith.

I have the honor to be
Sir
Your most obedient Servant
to/ P. N. Krishna Murthi
"Copy" Dy Commissioner.

Rn Thurnn Rao.
Dy Commissioner

Wdrs:

No. A

General Asst Commissioner's Office
Bangalore District
GOVERNMENT OF MYSORE
Camp Devanhully 11th June 1890

(1/6)

From,

The General Assistant Commissioner.

To,

The Deputy Commissioner
Bangalore District.

Sir,

1. With reference to the Staff Officers No. 496 B dated 31st March last referred to me for report, I have the honor to submit herewith two statements indicating compensations payable to the ryots of Michiganahully and Bois-andra in the Devanhully Taluk in connection with the removal of their houses from the present village sites for the purposes of the annual Royal artillery Exercise, together with an estimate for a road to be formed between the encamp-

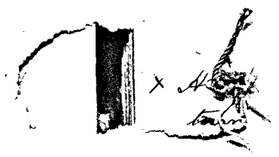
ment

× Not sent herewith received.

ground and the Target Depot near Michiganahully.

2. These compensations have been fixed on the understanding that the villagers have to remove their houses only a short distance from the present sites and make use of the available house materials in building their houses newly; but if the villages are to be altogether removed the prices of the house-materials which cannot be easily removed to any great distance, such as stones &c, will have to be added to the present estimates.

3. The Michiganahully villagers have consented to remove their houses to a field about 270 yards East of the present village site, and seeing that the fire line just touches the present village site it is presumed that the proposed change answers



Hoisundra, I could find no suitable site conveniently situated with reference to the cultivated fields and water supply beyond 600 yds: to the West of the present village site and the villagers have agreed to remove their houses to that distance. If however the removal of the houses further off is insisted upon, the villagers would altogether leave the place, thereby necessitating heavy compensation both as regards their fields and their houses. Such compensation can by no means be avoided or even reduced, since there are no neighboring land-holders to whom the lands could be sold. Under such circumstances, I hope the present proposal would be accepted. Both the villages have been removed to the extreme boundary

lines of the respective villages as the accompanying sketches of the village maps would show.

4. I have revised the statement for Doisundra with a saving of Rs: 159 to suit the present circumstances. As the new site selected for this village is in the gomal (free pasturage) land, no additional escpense is incurred on this account; but it is not so with Dichiganahully. A land has to be acquired in this case and I have arranged to purchase a suitable land for Rupees 243-12-- at Rs 50 per acre, and this amount is included in the compens-ation statement for the village. It contains 29 houses, where as Doisandra has only 19 and consequently the amount of compensation fixed for this village is comparatively higher.

5. As to the ground recently

practice camp, it belongs to Kothgi Thimmanahally, Hayamgutta village. I have had the Hayemguttadar before me and he agrees to sell the land at Rs 15 per acre provided all his land to the South of the Hindy road is purchased by the Military Department, as it would be inconvenient for him to sell only a portion of it. He has, however, consented to rent out the required extent of land at one rupee per acre per annum if he is allowed to make use of the same at other than the exercises season and the manure that is collected in the Camp is given gratis to him. I think the latter proposal is reasonable and may be accepted. In case this is done the ground will have to be measured and marked out

× about 100 acres

It is certainly more convenient all round.

Military Department.

6. Next with respect to the road proposed to be opened between the Camp and the target depot near Michiganahally, an estimate is submitted as called for, but I presume that this work will be done by the Military Department itself and all that we have to do is to fix compensations for the lands required for the purpose. From the estimate submitted and the mark × made in red ink on the map it will be seen that if the road is to the North of Sonnenahully village

× dots

making the road, Rupees ten will have to be paid as compensation in this case, whereas in the other case the amount comes up to Rupees 87-2--

7. In conclusion I beg to state that I have obtained the written consent of all the parties concerned to the proposals herein made, and the papers are, herewith, submitted for reference.

I have the honor to be
Sir
Your most obedient servant
(Sd). B. G. Krishniengar
Assistant Com.
